PROFILE

My name is Vishal, and I have over 8 years of experience in web development. Throughout my career, I have specialized in various platforms and technologies, including:

- **Website Development:** Proficient in building and maintaining websites with a strong focus on performance and user experience.
- **Webflow Development:** Expert in creating custom functionalities and responsive designs using Webflow.
- **WordPress Development:** Skilled in developing and customizing WordPress websites, including theme and plugin development.
- **Wix, Squarespace, and Weebly:** Experienced in designing and developing websites on these popular platforms.
- **SEO and Website Optimization:** Knowledgeable in SEO best practices and website optimization techniques to ensure high search engine rankings and fast loading times.
- **Design to Development Conversion:** Proficient in converting designs from Figma and XD to Webflow and WordPress, ensuring pixel-perfect implementation.
- **Framer Development:** Expert in developing and customizing websites using Framer, focusing on mobile responsiveness and user interactivity.

Custom Code Integration: Experienced in integrating custom JavaScript to add unique functionalities to websites.

I am committed to delivering high-quality service and providing ongoing maintenance and support after project completion. You can view my portfolio at <https://webflowwork.com/>. If you require a detailed CV, I can create one upon request.

WORK EXPERIENCE

● Green Taurus Technology

2017 - PRESENT

CEO and Senior Web expert

- I currently manage a small IT company, where I lead, mentor, and oversee a high-performing marketing team. My focus is on creating a collaborative, results-oriented environment. With expertise in Webflow, WordPress, SEO services, and custom code integrations, I ensure that both marketing and technical development run smoothly, delivering exceptional results for our clients.

● Achisys

2015-2017

Junior Web developer

- At that my responsibility to web development in mostly I do front end development as well as backend development
